Your Primary Care Provider (PCP)
When you enroll in this health plan, you choose a primary care provider (PCP) for you and each member of your family. There are a few ways to find a PCP: visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.com/findadoctor; consult the Provider Directory; or call the Member Service number on your ID card. If you have trouble choosing a doctor, Member Service can help. They can give you the doctor’s gender, the medical school she or he attended, and whether there are languages other than English spoken in the office.

Your PCP is the first person you call when you need routine or sick care. If your PCP decides that you need to see a specialist for covered services, your PCP will refer you to an appropriate network specialist who is likely affiliated with your PCP’s hospital or medical group. Your provider may also work with Blue Cross Blue Shield of Massachusetts regarding the Utilization Review Requirements including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your benefit description.

When you Select an MIT Medical Primary Care Provider (PCP)
When you select an MIT Medical primary care provider as your PCP, your costs will be lower than when you select any other network PCP. For example, you will pay a lower copayment for covered services furnished by either your MIT Medical primary care provider or services furnished by a network specialist when you have an approved referral from your MIT Medical primary care provider. You may have to pay a higher copayment for the same covered services if you selected a network primary care provider who is not part of MIT Medical. For more information, go to http://medweb.mit.edu/.

When You Choose to Receive Care on Your Own (Self-Referred)
You have the freedom to seek care without seeing your PCP first. When you seek care on your own from a participating provider, your out-of-pocket cost will be greater. If you require hospitalization, you, or someone on your behalf, will need to call us before you’re admitted to make sure that you’re covered.

You must pay a calendar-year deductible before benefits are provided. The calendar-year deductible begins on January 1 and ends on December 31 of each year. The deductible is $500 per member (or $1,000 per family).

Your Out-of-Pocket Maximum
Your out-of-pocket maximum is the most that you could pay during a calendar year for deductible, copayments, and coinsurance for covered services. When your care is provided or arranged by your Blue Choice New England PCP or by your MIT Medical primary care provider (PCP), your out-of-pocket maximum is $2,500 per member (or $5,000 per family). When you choose to receive care on your own (self-referred) from a participating provider, your out-of-pocket maximum is $2,500 per member (or $5,000 per family).

Emergency Room Services
In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call 911 (or the local emergency phone number). You pay a copayment per visit for emergency room services. This copayment is waived if you are admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services
You are covered for certain medical and mental health services for conditions that can be treated through video visits from an approved telehealth provider. Most telehealth services are available by using the Well Connection website at wellconnection.com on your computer, or the Well Connection app on your mobile device, when you prefer not to make an in-person visit for any reason to a doctor or therapist. Some providers offer telehealth services through their own video platforms. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at bluecrossma.com, consult the Provider Directory, or call the Member Service number on your ID card.

Service Area

When Outside the Service Area
If you’re traveling outside the plan’s service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. To receive the highest level of benefits, any additional follow-up care must be arranged by your PCP.

Dependent Benefits
This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

Domestic Partner Coverage
Domestic partner coverage may be available for eligible dependents. Contact your plan sponsor for more information.
