YOUR CARE

Your Primary Care Provider (PCP)

When you enroll in this health plan, you must choose (or designate) a primary care provider (PCP) who participates in your health care network and who is a MIT Medical Health Care Provider. For a list of participating MIT PCPs or OB/GYN physicians, call the Member Service number on your ID card. If you have trouble choosing a doctor, Member Service can help. They can give you the doctor's gender, the medical school the doctor attended, and whether there are languages other than English spoken in the office.

Referrals

Your MIT PCP is the first person you call when you need routine or sick care. If your MIT PCP decides that you need to see a specialist for covered services, your MIT PCP will refer you to an appropriate network specialist, who is likely affiliated with an MIT Medical network hospital or medical group. You will not need prior authorization or referral to see an HMO Blue network provider who specializes in OB/GYN services. Your providers may also work with Blue Cross Blue Shield of Massachusetts regarding referrals and Utilization Review Requirements, including Pre-Admission Review, Concurrent Review and Discharge Planning, Prior Approval for Certain Outpatient Services, and Individual Case Management. For detailed information about Utilization Review, see your benefit description.

Your Out-of-Pocket Maximum

Your out-of-pocket maximum is the most that you could pay during a calendar year for copayments and coinsurance for covered services. The calendar year begins on January 1 and ends on December 31 of each year. Your out-of-pocket maximum is **\$2,500** per member (or **\$5,000** per family).

Emergency Room Services

In an emergency, such as a suspected heart attack, stroke, or poisoning, you should go directly to the nearest medical facility or call **911** (or the local emergency phone number). You pay a copayment per visit for emergency room services. This copayment is waived if you're admitted to the hospital or for an observation stay. See the chart for your cost share.

Telehealth Services

Telehealth services are covered when the same in-person service would be covered by the health plan and the use of telehealth is appropriate. Your health care provider will work with you to determine if a telehealth visit is medically appropriate for your health care needs or if an in-person visit is required. For a list of telehealth providers, visit the Blue Cross Blue Shield of Massachusetts website at [bluecrossma.org](https://www.bluecrossma.org), consult Find a Doctor, or call the Member Service number on your ID card.

Service Area

The plan's service area includes all cities and towns in the Commonwealth of Massachusetts.

When Outside the Service Area

If you're traveling outside the service area and you need urgent or emergency care, you should go to the nearest appropriate health care facility. You are covered for the urgent or emergency care visit and one follow-up visit while outside the service area. Any additional follow-up care must be arranged by your PCP. See your benefit description for more information.

Value Care Offering Coverage

Your cost share may be waived or reduced for designated in-person and telehealth office visits for certain outpatient services. These services may include: primary care provider office visits; mental health or substance use treatment (including outpatient psychotherapy, patient evaluations, and medication management visits); chiropractor services; acupuncture services; or physical and/or occupational therapy services. See your benefit description (and riders, if any) for exact coverage details.

Dependent Benefits

This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your benefit description (and riders, if any) for exact coverage details.

Domestic Partner Coverage

Domestic partner coverage may be available for eligible dependents. Contact your plan sponsor for more information.
