Cigna Global Health – Find a Doctor, Dentist, or Facility

Please use the following steps in order to easily search Cigna's network here in the US:

▪ Visit [www.cigna.com](http://www.cigna.com) and click on the blue button at the top right of the screen that says, “Find a Doctor, Dentist, or Facility.”

▪ Then click on the button that states “Employer or School” in regards to how you are (or will be) covered.

▪ At this point you will have the option to search by, “Doctor by Type,” “Doctor by Name,” or “Locations.” For these directions we’ll move forward with Doctor by Type. *(You also have the option to edit location at this step, but not necessary since you’ll be asked for this information later.)*

▪ You will then be able to type in the specialty or type of doctor OR select from the drop down box below. The top of the drop down box options will provide you with common doctor types and specialties for ease of use.

▪ Next you will provide either your city/state or zip code when asked where you live.

▪ After you enter your location, you will select the OAP network for medical that states either, “Open Access Plus, OA Plus, Choice Fund OA Plus” and the results of your search will be delivered. *For dental, please select “Total Cigna DPPO (Cigna DPPO Advantage and Cigna DPPO).”*

▪ From these search results you always have the option to adjust the provider type, location or any other search criteria by clicking on the top of the web page where it states “More Options.”
